SYLLOO
BE A GIANT

Sylloo pricing

Prices in US dollars, without tax. Updated 2026-11-23.

How the price is made

1. Package
Pick a package for your business. It includes business tools, staff accounts, one shop with a POS device, file storage and support.

2. Your limits
Add more staff accounts, shops, POS devices, business tools or storage only when you need them.

3. Support
Regular support is free. Choose Premium or Dedicated for faster replies.

Support

Regular	First reply within 7 days.	Free
Premium	First reply within 3 days.	Quoted before purchase
Dedicated	First reply within 24 hours.	Quoted before purchase
On-site	We come to you, by appointment.	Call us for a price

Regular support is free. Premium and Dedicated are one or the other, not both. The times are for the first reply, not for the fix. Working hours and holidays are in the service agreement.

An example invoice

A shop on the Starter package with 1 outlet, 2 Terminals and 2 members, for one month.

LINE	AMOUNT

Setup and services

POS Terminal setup	Quoted before purchase
Onboarding call	USD 90
Moving your data in	from USD 300
Custom website theme	from USD 800
Enterprise onboarding	USD 1,500
On-site support	Quoted before purchase
1,000 SMS	USD 40
10,000 emails	USD 8
100 AI credits	USD 35
100 e-invoices	USD 15

One-time prices, paid separately from your package. For messages, AI and e-invoices. Bought separately: SMS valid for 3 months, the others for 12 months. Every package includes 10 AI credits, 50 SMS and 1,000 emails free each month. 10 AI credits = 1 million AI tokens on the Medium model. Low uses a quarter, Regular half, Advanced double. Custom work is paid by the hour. You approve the estimate before we start.

Billing terms

- **Do I pay while I practise?** No. Practice is free. You pay from the day you go Live.
- **How does yearly billing work?** You pay for 10 months and get 12. The price stays the same for the whole year.
- **Can I change my package later?** Yes. A bigger package starts at once, and you pay only for the days left. A smaller package starts at the end of your period, when your team and outlets fit it.
- **Can I change my business modules?** Yes. You can swap one module for another once a month for free. A module you turn off keeps its data.
- **What if I go over my package?** We tell you in the app and by email. After 14 days you cannot add more of that kind until you buy more. Selling always goes on.
- **What if I pay late?** We send reminders first. From day 8 the business is read-only, until you pay. Paying opens it again at once.
- **Will my price change?** Yearly prices are fixed for the year. We tell you 60 days before a monthly price changes.
- **How can I pay?** You get an invoice in your Sylloo account and can pay it there. Yearly and Enterprise invoices can also be paid by bank transfer.

Prices are in US dollars and do not include tax. Tax depends on your billing country.
